St. Lawrence River Valley Redevelopment Agency  
Minutes of December 20, 2011 Meeting ~ Town of Louisville Municipal Offices, Massena NY

Call to Order: The meeting was called to order at 6:03 PM by Chairman Robert McNeil.

Roll Call/Determination of Quorum: Mssrs. McNeil, Murphy, Carroll and Strait attend. NYPA's Michael Huvane joins the meeting via conference call, while NYPA's Karen White is also in attendance. The quorum is recognized.

Public Notice: Public notifications were sent December 9, 2011 to, at a minimum: St. Lawrence County's newspapers designated for the publication of local laws and other matters required by law to be published; additional local media sources and websites.

Approval of Minutes: Strait/Carroll motion to accept the October 18, 2011 regular meeting minutes and the October 27, 2011 minutes from joint IDALDC and SLRVRA meeting. Accepted.

Financial Report: Mrs. Gilbert reviews the September and October 2011 financials. Carroll/Murphy motion to accept the financials as presented. Accepted.

Old Business:

Power Contract: Attorney Gustafson advises the board of a recent phone conversation with Vincent Esposito and Judith McCarthy of NYPA during which Attorney Gustafson was informed that an updated power agreement will be provided to him. Attorney Gustafson notes that once the draft is ready, the SLRVRA and IDALDC committee will begin its work. In response to a question posed by Mr. Carroll, Attorney Gustafson states he expects the draft will be available for the full boards to review in January. Attorney Gustafson reminds the members that there are a number of new players working on developing this contract. He mentions the process is starting over and both parties are working hard to come up with what could be an acceptable contract. The draft will come to the SLRVRA board after the committees have accepted the final draft.

New Business:

Nominating Committee Assignments: Chairman McNeil appoints Mr. Carroll and Mr. Murphy to serve as committee members and asks that they have board recommendations ready for the next meeting.

Resolution: Adopting Whistleblower Policy and Procedures. Carroll/Strait motion to accept. Passes unanimously.

Resolution: Authorizing Adjustments to the SLRVRA 2011 Budget. Carroll/Murphy motion to accept. Passes unanimously.

*Mr. Burns enters the meeting at 6:09 PM.*

The 2012 Meeting Schedule is adopted.

Staff Report:

Community Development & Environmental Improvement Program: Mr. Kelly updates the group, noting of the nine (9) projects awarded, three (3) have been funded at this time. The other six (6) projects have submitted formal requests to extend the use of funds. Mr. Kelly recommends allowing a six (6) month

extension for projects to be completed. He mentions that projects that will not be completed in this time frame will be revisited again. Mr. Strait motions that a resolution be drawn up which addresses the guidelines for the extension of funding. Mr. Murphy seconds the motion. All in favor. Mr. Kelly reminds the group that \$622,000 has been allocated for the CD&EIP Process for 2012. He advises the group to begin the application process after the start of the New Year and allow applications to be submitted through March 1, 2012. The 2012 process will be streamlined to follow the 2011 process and funding announcements will be made in April 2012. By moving up the timeline, the organizations awarded funding should have more time to complete their projects before the end of the year, potentially reducing the need for requests for extension of funds. The same application format and fee structure will apply.

St. Lawrence County Economic Enhancement Committee: Mr. Kelly notes Mr. Burns is the Chairman of the Committee which has recommended providing \$167,000 in training funds through Tribal Compact monies. The proposal was based in part on the RVRA plan for utilizing some of the monetized power for training purposes.

Both the North Country Dairy and SLIC loans closed this month to reflect a total of \$1.6 million in funds lent via the St. Lawrence County Industrial Development Agency Local Development Corporation and the St. Lawrence River Valley Redevelopment Agency.

Structural Wood is close to scheduling a closing date, pending the principal "Key Man" life insurance requirement. Mr. Kelly asks for a modification to the original loan resolution enabling an assignment of an existing life insurance plan in place of the Key Man policy required in the original resolution. Motion to accept the modification is made by Strait/Burns and passes unanimously.

Data Centers: Mr. Kelly advises the group of an announcement made recently at Clarkson University where IBM has partnered with the University and Beacon Institute to house a research facility and green data center. IDA staff are in continual contact with Clarkson and will work with them to see what role the IDA/RVRA may play as the project moves forward.

Lots 18 & 19 (Massena Industrial Park): Mr. Kelly notes a company is developing a business plan which may include locating in one of the two buildings. We should know more in the 1<sup>st</sup> quarter of 2012.

Citec Marketing Initiative: Tom Plastino presents a marketing initiative proposal to the group, outlining a strategic plan for combining Canadian marketing efforts into one organized fashion which would be sponsored by Clarkson University, The St. Lawrence County Industrial Development Agency Local Development Corporation, NYSTAR and The St. Lawrence River Valley Redevelopment Agency. Mr. Plastino notes CITEC executed a marketing contract with Clarkson University to market the North Country Business Incubator (Peyton Hall) to Canadian customers. As part of this initiative, CITEC would like to work with a number of local development partners (as well as Clarkson) to market the County's various advantages (including employment incentives and the low cost electrical power allocation from NYPA to the RVRA) in Canada in a more disciplined fashion. Mr. Plastino explains the availability of reimbursement opportunities through National Grid's Strategic Economic Development Outreach Program for half of the first year's startup funding. Additionally, as CITEC is a not-for-profit corporation with NYS, the state will subsidize the costs of CITEC's economic development consulting services. Due to time constraints in submitting an application, Mr. Plastino asks for the board's approval to consider incorporating CITEC's proposal into their 2012 marketing plan, so that National Grid's application for funding can be completed and submitted before year end. Discussion ensues around the fee structure and opportunity for duplicating marketing resources already in place. Mr. Plastino emphasizes the Canadian marketing efforts must be organized across the board and coordinated in a professional manner as to not overload the Canadian customer with information from various sources.

Mr. Kelly adds that the IDA LDC is interested in marketing to companies from Montreal to Toronto and there needs to be a more aggressive, sustained, orderly process to bring over these prospects. Mr. Kelly views this proposal as a way to accelerate what we are currently doing in Canada and a way to get a higher value with our investment. This approach should lead to more companies visiting our buildings and other privately owned buildings throughout the county. Strait/Burns motion to move forward with the initiation and for Mr. Plastino of CITEC to begin the application process for funding with National Grid. Passes unanimously.

#### Public Comment

Jason Clark:

Addresses use of funds for the awarded Community Development and Environmental Improvement Process.

- Questions if request for extension for use of funds will be granted
- Clarifies the use of the \$65,000. States all requested funds for the first phase of the project have been received. Would like to know if the money can be used to help initiate engineering costs in addition to construction costs.

Pat Carroll:

Asks what format was determined for the amount of money Clarkson University will pay versus what the SLRVRA will pay for CITEC marketing services in Canada? Mr. Plastino responds with a summary of the discussion between CITEC and Clarkson University.

#### Executive Session:

Carroll/Burns motion for Execution Session at 6:54 PM to discuss the potential acquisition of property. The SLRVRA returns to regular session and adjourns the meeting at 7:25 PM, upon the motion by Murphy/Burns.

Note: The next regularly scheduled meeting of the St. Lawrence River Valley Redevelopment Agency will be held at <b>6:00PM</b> on Tuesday, January 17, 2012 at the Town of Louisville Municipal Offices.

<p><b>ST. LAWRENCE RIVER VALLEY REDEVELOPMENT AGENCY</b>  <b>PROCUREMENT POLICY</b>  <b>REVIEWED AND APPROVED: JANUARY 17, 2012</b>  <b>RESOLUTION NO. RVR-12-XX-XX</b></p>
---

A. Introduction

1. Scope: In accordance with Article 18-A of the General Municipal Law (the “IDA Act”), Section 104b of the General Municipal Law, and the Public Authorities Accountability Act of 2005, the St. Lawrence River Valley Redevelopment Agency is required to adopt procurement policies which will apply to the procurement of goods and services not subject to the competitive bidding requirements of Section 103 of the GML and paid for by the Agency for its own use and account.
2. Purpose: Pursuant to Section 104b of the GML, the primary objectives of this policy are to assure the prudent and economical use of public monies in the best interests of the taxpayers of a political subdivision or district, to facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances and to guard against favoritism, improvidence, extravagance, fraud and corruption.
3. Any and all previously-approved Procurement policies of the St. River Valley Redevelopment Agency are hereby rescinded.

B. Procurement Policy

1. Items purchased in conjunction with St. Lawrence County purchasing procedures, including New York State contract pricing, shall meet Agency requirements.
2. Goods and services purchased from a department of St. Lawrence County government may also meet Agency requirements.
3. The Agency shall adhere to the following methods of competition for non-bid procurements:

	Verbal Quotes		Written Quotes	Reference Notes
	0	3		
Purchase Contracts Below \$10,000			3	
Under \$500	X			
\$500 - \$2,499		X		
\$2,500 - \$9,999			X	
Purchase Contracts of \$10,000 or more				A, B
Emergencies				C
Insurance				D
Professional Services				E

Reference Notes:

- A: All purchases of over \$10,000 require advertised request for proposals.
- B: All expenditures over \$10,000 require Agency approval even if a budget line item has been previously adopted for such expenditure.
- C: Even in the case of an emergency, public interest dictates that purchases are made at the lowest possible costs, seeking competition by informal solicitation of quotes or otherwise to the extent practicable under the circumstance. Documentation must be made showing the method and extent of competition.

Emergency provisions (goods and services) can be an exception to the RFP and competitive process if they must be purchased immediately and a delay in order to seek alternate proposals may threaten the life, health, safety, property or welfare of the Agency.

- D: Insurance coverage is not subject to formal competitive bidding. Requests for Proposals, written or verbal quotations can serve as documentation of the process.
- E: Professional Services involve specialized expertise, use of professional judgment, and/or a high degree of creativity. They are not purchase contracts or contracts for public work, as those phrases are used in the bidding statutes, and therefore are not subject to the competitive bidding procedures. The individual or company may be chosen based on qualifications to include, but not limited to, reliability, skill, education and training, experience, demonstrated effectiveness, judgment and integrity. These qualifications are not necessarily found in the individual or company that offers the lowest price.

Professional or technical services shall include but not be limited to the following:

- Accounting (CPA)
- Architectural / Design Services
- Customized Software Programming Services
- Consultants
- Engineering
- Instructors / Teachers / Training
- Insurance Coverage and/or Insurance Broker
- Investment Management Services
- Laboratory Testing
- Legal
- Medical / Dental Services

Contracts for professional services are made in the best interest of the Agency, utilizing Requests for Quotations (RFQ), Requests for Proposals (RFP) or other competitive process. The process may consider inclusive factors such as price, staffing and suitability for needs, reliability, skill, education and training, experience, demonstrated effectiveness, judgment and integrity, and must include negotiations on a fair and equal basis.

- 3. The Agency shall capitalize all purchases in excess of \$2,500

I. SCOPE

This investment policy applies to all moneys and other financial resources available for investment on its own behalf or on behalf of any other entity or individual. This policy shall be reviewed, in its entirety, on an annual basis. Any and all previously-approved Investment policies of the St. Lawrence River Valley Redevelopment Agency are hereby rescinded.

II. OBJECTIVES

The primary objectives of the local government's investment activities are, in priority order:

- To conform with all applicable Federal, State and other legal requirements (legal);
- To adequately safeguard principal (safety);
- To provide sufficient liquidity to meet all operating requirements (liquidity); and
- To obtain a reasonable rate of return (yield).

III. DELEGATION OF AUTHORITY

The governing board's responsibility for administration of the investment program is delegated to the Chief Executive Officer who shall establish written procedures for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a database or records incorporating description and amounts of investments, transaction dates, and other relevant information and regulate the activities of subordinate employees.

IV. PRUDENCE

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the St. Lawrence River Valley Redevelopment Agency (hereinafter Agency) to govern effectively.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

All participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

V. DIVERSIFICATION

It is the policy of the Agency to diversify its deposits and investments by financial institution, by investment instrument, and by maturity scheduling. Should funds exceed FDIC coverage at a specific financial institution, monies will be diversified and not more than 60% of the Agency's total investments will be in any one institution.

VI. INTERNAL CONTROLS

It is the policy of the Agency for all moneys collected by any officer or employee of the government to transfer those funds to the Chief Financial Officer within three (3) days of deposit, or within the time period specified by law, whichever is shorter.

The Chief Financial Officer is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

VII. DESIGNATION OF DEPOSITORIES

The banks and trust companies authorized for the deposit of moneys up to the maximum amounts are listed in Appendix A.

VIII. COLLATERALIZING OF DEPOSITS

In accordance with the provisions of General Municipal Law, §10, all deposits of the Agency, including certificates of deposit and special time deposits, in excess of the amount insured under the provisions of the Federal Deposit Insurance Act shall be secured:

1. By a pledge of "eligible securities" with an aggregate "market value" as provided by GML §10, equal to the aggregate amount of deposits from the categories designated in Appendix B to the policy.
2. By an eligible "irrevocable letter of credit" issued by a qualified bank other than the bank with the deposits in favor of the government for a term not to exceed 90 days with an aggregate value equal to 140% of the aggregate amount of deposits and the agreed upon interest, if any. A qualified bank is one whose commercial paper and other unsecured short-term debt obligations are rated in one of the three highest rating categories by at least one nationally recognized statistical rating organization or by a bank that is in compliance with applicable federal minimum risk-based capital requirements.
3. By an eligible surety bond payable to the government for an amount at least equal to 100% of the aggregate amount of deposits and the agreed upon interest, if any, executed by an insurance company authorized to do business in New York State, whose claims-paying ability is rated in the highest rating category by at least two nationally recognized statistical rating organizations.

IX. SAFEKEEPING AND COLLATERALIZATION

Eligible securities used for collateralizing deposits shall be held by the depository bank or trust company subject to security and custodial agreements.

The security agreement shall provide that eligible securities are being pledged to secure local government deposits together with agreed upon interest, if any, and any costs or expenses arising out of the collection of such deposits upon default. It shall also provide the conditions under which the securities may be sold, presented for payment, substituted or released and the events which will enable the local government to exercise its rights against the pledged securities. In the event that the securities are not registered or inscribed in the name of the local government, such securities shall be delivered in a form suitable for transfer or with an assignment in blank to the Agency or its custodial bank.

The custodial agreement shall provide that securities held by the bank or trust company, or agent of and custodian for, the local government, will be kept separate and apart from the general assets of the custodial bank or trust company and will not, in any circumstances, be commingled with or become part of the backing for any other deposit or other liabilities. The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.

X. PERMITTED INVESTMENTS

As authorized by General Municipal Law, §11, the Agency authorizes the Chief Executive Officer to invest moneys not required for immediate expenditure for terms not to exceed its projected cash flow needs in the following types of investments:

- Special time deposit amounts;
- Certificates of deposit;
- Obligations of the United States of America;
- Obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America;
